

Enterprise Property Pricing Guide

Enterprise Property - Starting at \$499/month (Custom Quote Required)

Effective July 10, 2026

Overview

MiseGrid is a hospitality operations and workforce scheduling platform for restaurants, hotels, resorts, catering teams, event operations, and multi-department hospitality properties. MiseGrid helps managers prepare schedules, review labor, track revenue, coordinate daily operations, and follow guided operational workflows from opening through closing.

Enterprise Pricing

Enterprise Property - Starting at \$499/month (Custom Quote Required)

Enterprise is not available through self-service checkout. Enterprise purchases require a written custom quote before purchase. MiseGrid does not create a Paddle checkout for Enterprise unless an approved Enterprise quote and purchase path are intentionally configured.

Applicable taxes may be added and calculated at checkout or invoicing.

Who Enterprise Is For

- Multi-property hospitality groups
- Resorts and large hotels
- Convention and banquet operations
- Large restaurant groups
- Complex hospitality organizations requiring centralized operations
- Properties with 201+ active schedulable employees

Included Enterprise Capabilities

- Larger employee capacity
- Multiple properties or custom property structure
- Advanced reporting support
- Enhanced onboarding
- Priority implementation support
- Custom permissions and access configuration
- Operational intelligence workflows
- Data migration assistance
- Custom training
- Service-level support options

MiseGrid

- Integration consultation

Pricing Method

- Number of properties
- Active schedulable employee count
- Implementation complexity
- Required onboarding and training
- Integration scope
- Support level
- Contract term
- One-time setup, migration, training, or integration fees

Pricing Range Guideline

Enterprise Property starts at \$499/month. A custom quote is required because Enterprise pricing depends on the confirmed operational scope.

- Enterprise Base: Starts at \$499/month for large single-property or smaller multi-department operations with standard onboarding needs.
- Enterprise Plus: Custom quote for multi-property groups, higher employee counts, enhanced onboarding, training, and reporting needs.
- Enterprise Custom: Custom quote for complex rollout, migration, integration, training, support, or enterprise operating requirements.

One-Time Services

Setup, migration, training, custom configuration, and integration services may involve one-time fees. MiseGrid discloses these fees in the written quote before purchase.
